Tay Morgan Designs, Inc., owned by Tay Cossar Morgan, is a local stationery business that sells to retail stores nationwide.

A Jackson native, Tay uses mixed media, mostly acrylics, in her original paintings. These designs are then set up for printing on a variety of paper products, including inspirational note cards, notepads, calendars, weekly calendar pads, magnets, Christmas photo cards, checkbook covers and recipes cards, just to name a few.

While Tay Morgan Designs has evolved into primarily a wholesale business, Mistletoe Marketplace remains an essential retail component. Entering their sixth year

at Mistletoe, they are able to adapt from what they have learned in previous years to provide products that are packaged and priced appropriately for this market.

This year they are thrilled to have Miriam Weems signing her new book, *Mostly Mississippi*, in their booth during the show.

In a few short years, Tay Morgan Designs has become a well-known stationery brand that is sold in more than 350 stores in more than 20 states. This year they will have their new 2008 wall and pocket calendars at Mistletoe Marketplace, as well as wonderful affordable gift items.
